

Day in Clay Artist in Residence Programs

School fundraiser for the arts - Multicultural Wheel program

Students participate in a collaborative effort that results in one decorated vessel per class. Participants will customize and personalize each class's piece with signatures, culturally specific patterns/imagery and school themes. Each class's finished, glazed and fired piece can be showcased and become a source of the fundraising activity. Great community team building event.

Fundraiser—auction for the arts	
Results	Schools have raised over \$1,500 on a few of the student's works
Display	Students' finished pieces can be showcased in the library or school hallways for parents and relatives to view
Press and publicity	View the finished work for students to enjoy as a witness to the fruition of the ceramic process. Invite the press.
Raffle	Sell a \$10 - \$15 raffle ticket to bid on their children's collaborative work of art
Presentation	Slide show of photos and video play on a monitor re-living the day's events.

Student's pottery exemplifies the patterns and textures of various cultures explored during Day in Clay workshops.
